3.c. Principles of Consolidation

The consolidated financial statements incorporate accounts of the Parent Company and Subsidiaries. The account of "Minority Interests in Subsidiaries" account represents interest of the minority shareholders in the Subsidiaries. All internal transactions between companies with subsidiaries have been eliminated in the consolidated financial statements.

Control is considered to exist when the Parent Company owns directly or indirectly (through the Subsidiaries), more than 50% of the voting rights in a company. Even if a company has the right to vote 50% or less, control is still presumed to exist if the existence of any of the following can be proven:

- 1. Having power more than 50% of the voting rights by virtue of an agreement with other investors;
- Having power to govern the financial and operating policies of the investee under the articles of association or an agreement;
- 3. Having power to appoint or remove the majority of the company's management;
- 4. Having power to control the majority votes at a meeting of the company's management.

The consolidated financial statements are prepared using uniform basis, i.e.: similar accounting policy for similar transactions, events and circumstances. The policy has been applied consistently by Subsidiaries, unless otherwise stated.

In preparing the consolidated financial statements, the financial statements of the Parent Company and Subsidiaries are combined on a line by line basis by adding together similar elements of assets, liabilities, equity, income and expenses. All balances and material transactions between the Parent Company and the Subsidiaries have been eliminated.

Non-controlling interests in a Subsidiary with equity deficit will not be recognized, unless the minority shareholder has a contractual debt to participate in financing the deficit.

Transactions with non-controlling interests are calculated using the method of economic entities, where the excess of acquisition non-controlling interest that exceeds the value of net assets acquired is recorded in equity.

(1). PT Jakarta Monorail

The company got a contract with PT Jakarta Monorail in 2005 with a contract value of USD 224,203,692. The project was terminated since 2007 with the physical progress of USD 14,020,122.

The Company among others has obtained the authorization of PT Jakarta Monorail for further processing of project delivery plan to the provincial government of DKI Jakarta. The Management also sent a letter to the provincial government of DKI Jakarta regarding the Follow Up of Jakarta Monorail Project. Upon such letter, the Jakarta provincial government has provided

30 September 2012 (Tidak Diaudit) dan Desember 2011(Diaudit) Serta Periode-periode Sembilan Bulan 30 September 2012 dan 2011 (Dalam Rupiah Penuh)

Atas surat tersebut Pemerintah Provinsi DKI Jakarta telah memberikan jawaban, yang pada prinsipnya Pemerintah provinsi DKI Jakarta akan menyelesaikan proyek tersebut. Untuk itu Pemerintah provinsi DKI Jakarta telah meminta kepada BPKP Perwakilan Provinsi DKI Jakarta untuk melakukan *due diligence* terhadap proyek tersebut.

Hasil *due diligence* BPKP intinya adalah sebagai berikut:

- Melanjutkan pembangunan Monorail dengan memanfaatkan pekerjaan konsorsium selama ini serta memberikan kompensasi kepada pihak konsorsium dengan nilai maksimum Rp 204.993.739.140.
- Dapat dilakukan penunjukan langsung sepanjang memenuhi ketentuan dan peraturan pemerintah No. 29 Tahun 2002 tentang penyelenggaraan Jasa Konstruksi dan Kepres No. 80 tahun 2003 tentang Pedoman Pelasanaan Pengadaan Barang/Jasa Pemerintah beserta perubahannya.

Saldo piutang usaha per 30 September 2012 dan 31 Desember 2011 sebesar Rp 26.693.761.000 dan saldo tagihan bruto per 30 September 2012 dan 31 Desember 2011 sebesar Rp 105.361.768.401 (Catatan 8).

Perusahaan telah membentuk penyisihan kerugian penurunan nilai piutang sebesar Rp 26.693.761.000 dan estimasi kerugian atas tagihan bruto proyek monorail sebesar Rp 78.950.662.521. Sehingga nilai bersih tagihan bruto pada 30 September 2012 sebesar Rp 26.411.105.880, merupakan nilai residu aset yang telah dikerjakan yang dapat dijual apabila proyek tersebut tidak dilanjutkan.

Berdasarkan kondisi tersebut, Manajemen berkeyakinan bahwa penyisihan kerugian penurunan nilai piutang sudah mencukupi untuk menutupi penurunan nilai akibat tidak tertagihnya piutang.

(2). PT Anugrah Lingkar Selatan (ALS)

an answer, which, in principle, the provincial government of DKI Jakarta would complete the project. Therefore, the provincial government of DKI Jakarta has asked to the Financial and Development Supervisory Agency (BPKP) from the Jakarta Provincial Representative to conduct due diligence on the project.

The due diligence results by the BPKP are essentially as follows:

- a. To continue the development of Monorail by utilizing the current consortium work and to provide compensation to the consortium with a maximum value of Rp 204,993,739,140.
- b. Direct appointments may be made to the extent of complying with government stipulation and regulation No. 29 of 2002 on Implementation of Construction Services and Presidential Decree No. 80 of 2003 on Guidelines of Government Goods / Services Procurement and its amendment.

Balance of accounts receivables as of September 30, 2012 and December 31, 2011 amounted to Rp 26,693,761,000 and balance of gross receivables as of September 30, 2012 and December 31, 2011 amounted to Rp 105,361,768,401 (Note 8).

The Company made an allowance for impairment losses on accounts receivable amounted to Rp 26,693,761,000 and estimated losses on gross billing for monorail project amounted to Rp 78,950,662,521. Therefore the net value of gross receivables on September 30, 2012 amounted to Rp 26,411,105,880, representing a residual value of assets which have been accomplished and could be sold if the project would not proceed.

Based on these conditions, the Management believes that the allowance for impairment losses on receivables is sufficient to offset the impairment due to uncollectible receivables.

(2). PT Anugrah Lingkar Selatan (ALS)

Sampai dengan 30 September 2012, PT ALS melakukan pembayaran sebesar Rp 220.000.000.

Berdasarkan hal-hal tersebut, Manajemen berkeyakinan bahwa penyisihan kerugian penurunan nilai tersebut telah mencukupi untuk menutup kemungkinan tak tertagihnya piutang tersebut.
